Concerns: International recognition of the Swiss Permaculture Academy by the Italian Academy of Permaculture

To the Permaculture Network and all interested parties,

Considering that:

1. On 21 August 2018, the *Académie Suisse de Permaculture* was constituted, whose constitutive act regularly signed is attached (in attachment):
2. At the time of the constitution, the following 3 founding members were present, all graduated of the Accademia Italiana di Permacultura and holding a regular Diploma in Applied Permaculture Design, whose documentation is attached:
 - A. Barbara Garofoli
 - B. Elena Parmiggiani
 - C. Pierre-Alain Indermühle
3. On 12 February 2020 the *Académie Suisse de Permaculture* changed its name to *Swiss Permaculture Academy* (in attachment)
4. On 17 August 2020 the *Swiss Permaculture Academy* applied for recognition to the Accademia Italiana di Permacultura (in attachment), also communicating the name change (in attachment)

The Accademia Italiana di Permacultura, after having read all the attached documents, recognises the Swiss Permaculture Academy as an official system qualified for awarding Diplomas in Applied Permaculture Design.

We therefore welcome the Swiss Permaculture Academy into the international Permaculture network and look forward to continuing the relationship between our academies with mutual pleasure, in order to develop and improve our system, through the sharing of good practice, new insights and feedback from tutors and students on an active learning pathway.

Happy path to all

Pianoro, 24 february 2021

L'Accademia Italiana di Permacultura

Il Presidente

Elisabetta Dallavalle
